Hurricane To Strike New England Today

To Sideswipe New York

NEW YORK (AP) — Hurricane Edna picked up speed Friday night on a course that would sideswipe New York and land its full fury on New England—an area still recuperating from disastrous hurricane Carol.

Edna, a lumbering monster with 125 m.p.h. winds, was off Cape Hatteras, N. C., Friday night and moving north-northeast at 17 to 22 m.p.h.

At 6:36 p.m. (5:36 p.m. CST), the Boston Weather Bureau issued this grim warning: "Hurricane Edna is increasing in forward speed towards New England. It is expected to hit the southern New England coast with full force soon after daybreak Saturday.

"This is a more powerful storm than hurricane Carol and immediate precautions should be taken over Massachusetts, Connecticut and Rhode Island for abnormally high tides and hurricane winds."

Agencies were still picking up and mending in the wake of Carol, which 11 days ago took 68 lives and caused millions of dollars in property damage to New England, were alerted to an emergency basis for the new and even more powerful blow.

New York City also ordered its hospitals, subways and other departments on an emergency status as the nation's largest city was told to expect dangerous winds regardless of the hurricane's actual path.

At 7 p.m. the New York Weather Bureau predicted Edna would pass about 20 to 25 miles east of the eastern tip of Long Island—or about 150 miles east of Times Square.

Earlier, Asst. Meteorologist James M. Osman had said it "will be a miracle if hurricane Edna does not hit New York City head-on tomorrow." A subsequent notice showed the storm turning slightly to the east.

Tension gripped the coast from Cape Hatteras to Maine. For Edna—the season's fifth Atlantic hurricane and named after the fifth letter of the alphabet—applied bore a woman's name. She maintained the prerogative of changing her mind.

The 6:36 p.m. advisory showed Edna had picked up 7 to 12 miles per hour in speed since a 2 p.m. warning. The later notice said winds near the center were 125 m.p.h. and hurricane force winds extended out from the center 150 miles to the east and 80 miles to the west.

Gale winds covered an area of 300 miles or more across. The entire naval districts covering New England, New York and New Jersey were alerted to expect winds of up to 115 miles an hour in the next 24 hours.

Along the New Jersey and Long Island shores the sea was rough and storm-wave residents reported the skies "grey and eerie."

Military and naval planes were flown inland—as far as Buffalo, N.Y., and points in Pennsylvania and Ohio.

Nationalists Bomb Chinese Red Coast For Fifth Day

TAIPEH, Formosa (Saturday) —The Nationalists bombed and shelled the Chinese Communist coast opposite Formosa Friday for the fifth straight day still unchallenged by the Red air force.

The Defense Ministry said that once more the main target was the Amoy area, where batteries and forts have been plastered by air bombs, artillery and the shells of Nationalist warships.

Amoy is only 7 miles from the Nationalist island redoubt of Quemoy, 120 miles across Formosa Strait from Formosa.

BLOOMINGTON MAN KILLED IN COLLISION IN OHIO

UPPER SANDUSKY, Ohio (AP) — Donald R. Pell, 21, of Bloomington, Ill., was killed and his wife, Mary Lou, was injured Friday in a two-truck collision on U.S. 30 seven miles east of here.

Mrs. Pell, 19, was taken to Memorial Hospital with possible internal injuries.

She was driving her husband's panel truck when it collided with a semi-trailer driven by Kenneth M. Smith, 29, of Mansfield, Ohio. Smith was not injured.

Lodge Accuses Soviet Of Unprovoked Attacks

UNITED NATIONS, N.Y. (AP)—American Delegate Henry Cabot Lodge Jr. accused the Soviet Union Friday of a "pattern of unprovoked attacks" on American planes since 1950. He declared they must not go unchallenged.

In a speech to the U.N. Security Council, Lodge said the downing of an American bomber Sept. 4 with the loss of one American was the latest in this series. He called on the Soviet Union to go before the International Court of Justice for a settlement or accept some other means of peaceful adjustment.

File Suit To Stop Construction Of TV Station At U.I.

SPRINGFIELD, Ill. (AP)—An Evanston, Ill. restaurant operator Friday filed suit to test the right of the University of Illinois to use state funds to build a television station without specific legislative authority.

The suit, filed in Sangamon County Circuit Court, has the support of the Illinois Broadcasters Assn., long a foe of the university's efforts to begin TV transmission. Stephen Turkovich, the restaurant operator, asked permission to file a complaint to restrain the university and state officials from spending or approving the spending of money for a TV station.

The question was a controversial one in the 1953 Illinois Legislature which killed a bill, sponsored by the broadcasters, that originally asked that the U. of I. be prohibited from acquiring or building a television transmitter.

Later the bill was amended with the aim of permitting the U. of I. to start televising with a donated transmitter and a Ford Foundation grant of \$100,000 plus a small appropriation taken from extension work funds.

In a statement, Leslie C. Johnson of Rock Island, chairman of the broadcasters television committee, said Friday the suit has the association's support. He said it would clarify the power of the university to divert funds for new purposes not specifically of traditionally covered in general appropriations by the Assembly.

Artificial Eye Looks, Moves Like Normal One

CHICAGO (AP) — A doctor described Friday a new technique for making an artificial eye that looks and moves like a normal one.

Dr. Bernard Ravdin of Evanston, Ind., said the key to the new accomplishment is that the whole damaged eyeball is not removed.

The contents of the eye are removed, but the white and cornea remain. A gold ball, with a hand-painted, plastic pupil, is implanted in the chamber.

Dr. Ravdin told the annual congress of the U.S. and Canadian chapters of the International College of Surgeons that the eye thus retains its original muscles and normal movement.

Dr. Ravdin said that while he did not originate the operation he has performed it, 27 successfully.

Train Russians For Defense From Air Raids, Pravda Says

By TOM WHITENEY
Associated Press Foreign Staff

The leading Soviet paper has announced the U.S.S.R. is now carrying out a nationwide program for training the entire population of the country in air raid precautions.

Pravda in a front-page editorial discussed the activities of the mass membership Soviet civil defense organization known as DOSAAF—of the initials of the Russian words for "Voluntary Society for Assistance to the Army, Aviation and Navy."

Declared the editorial: "The preparation of the entire population for up-to-date air raid and chemical warfare defense is a must for every citizen."

This is the first indication that the Soviet government is undertaking a public nationwide campaign for air raid training. Up till a year ago inside Russia certain air raid precautions were being taken—but only on a secret and semi-secret basis. For instance, in Moscow certain apartment houses—though the tenants did not know it—had shelter areas designated.

Family Of Eight Have Reason To Envy Mongrel Pup

LOS ANGELES (AP)—A Wisconsin family of eight envies its new mongrel pup. He, at least, has a year's supply of food.

Joe McGovern's six youngsters won the dog and the mountain of dog food on a Hollywood radio show Thursday afternoon. But the family hadn't had a square meal since hitting town two weeks ago.

McGovern, 43, told a reporter he owned an appliance shop and a seven-room house in Milwaukee a little more than a year ago. Then a windstorm unroofed his store and damaged \$120,000 worth of uninsured merchandise.

Next he fell ill, the family savings were used up and the bank foreclosed on their home. McGovern loaded his wife Lillian, 38, and the children, Jerry, 11; Bobby, 10; Kenneth, 9; Kathleen, 5; Bimbo, 2½, and Patrick, 16 months, into a 15-year-old car and started with \$185 for Los Angeles. He had worked here as a sound technician in 1945.

Most of the money went to nurse the wheezing car across the country. McGovern got two days' work here as a house painter. Then he sold parts of the car to feed his family.

The family was preparing to bed down in the car Thursday night when a newsmen arrived. Staked to a motel cabin and grocery money, McGovern said the pup would be called Lucky. Friday McGovern was looking for a job.

Guatemalan Arbenz Receives Frosty Mexican Reception

MEXICO CITY (AP)—Ex-President Jacob Arbenz Guzman of Guatemala flew into Mexico Friday with the shouts and curses of a hateful crowd of his fellow countrymen his only send-off. His reception here was frosty.

Arbenz, the former chief of Guatemala's ousted pro-Communist regime, had spent 10 weeks as hide-away political refugee in the Mexican Embassy in Guatemala. He appeared pale and thin upon his arrival here with 17 of his supporters and his wife and two young sons.

Threatening crowds had gathered at the airport in Guatemala a few hours earlier when news spread of Arbenz' departure. They shouted "Assassins! Criminals! Genocides!" at the departing party.

Arbenz and his party had to be spirited out the back door of the Mexican Embassy and taken by a circuitous route to the airport to avert hostile crowds.

Among those in the party was Col. Carlos Enrique Diaz, former armed forces head who took over the government for 34 hours after Arbenz resigned last June 27.

However, Hernandez Vega testified, he and his companion reported to their Nationalist party boss they couldn't find Crawford.

The 13 Puerto Ricans are charged with sedition conspiracy to overthrow the U.S. government by force and violence.

Among them are three men and one woman who were sentenced earlier in Washington for the March 1 shooting in the House of Representatives. They received terms ranging from 16 to 75 years in prison.

Hernandez Vega testified the assassination order was issued to him and his unnamed companion by "Vitoria," whom he described as "chief executive of the revolutionaries of Puerto Rico."

Crawford in 1950 was ranking Republican member of the House Insular Affairs Committee.

He visited the island during that period and played an important role in getting congressional approval to the Puerto Rican constitution setting up the commonwealth.

He was deflected by Republican Remonment in 1952 by Rep. Alvin M. Bentley, the most seriously wounded in the last March Congress shooting.

Among the 13 defendants is Rosa Collazo, whose husband, Oscar, is now serving a life sentence for an attempt to assassinate former President Harry S. Truman.

Another government witness was Gonzalo Lebron Sotomayor, a brother of Dolores (Lita) Lebron, who was convicted in the Congress shooting.

GEN. DE CASTRIES IN PARIS
PARIS (AP)—Brig. Gen. Christian de Castries, the commander of the Indochina fortress of Dien Bien Phu, arrived in Paris unheralded Friday on what he described as a strictly private trip.

He traveled incognito from Saigon.

De Castries said he would return to Indochina in a few days and come back to Paris "officially" in two weeks.

After the French fortress of Dien Bien Phu fell last May, De Castries was taken captive. He was released by the Communist-led Vietnamese a week ago in the exchange of prisoners.

CHICAGO (AP)—Scoring "arrests" where the police have no evidence, Chief Justice Richard B. Austin of Criminal Court Friday ordered the release of Jack "Greasy Thumb" Guzik.

Police picked up Guzik, one-time braintrust for gangster Al Capone, in downtown Chicago Thursday night. They said they wanted to question him in the Aug. 18 slaying of Charles "Cherry Nose" Gioe, former Capone second-in-command.

Guzik refused to tell officers anything but his name, age and address.

In issuing the writ of habeas corpus under which Guzik was freed, Judge Austin declared: "I will not tolerate publicity arrests."

The police captain in whose district Gioe was assassinated resigned Friday.

Capt. Harry J. O'Connell, 60, was transferred from the Racine district to the office of the chief of uniformed police a few weeks after the slaying. High police officials gave no explanation for the transfer. He was placed on suspension Wednesday for failing to report for duty the previous day.

Commissioner Timothy J. O'Connell lifted the suspension Friday to accept the resignation. O'Connell said ill health prompted his action.

Gioe was a second-rate hoodlum once connected with the Capone gang.

Puerto Rican Tells Of Assignment To Kill Rep. Crawford

NEW YORK (AP)—A government witness at the trial of 13 Puerto Rican nationalists testified Friday that he and another member of the Puerto Rican Nationalist party were once assigned to assassinate former Rep. Fred L. Crawford (R-Mich.).

Guillermo Hernandez Vega, 23, a woodworker, told Judge Lawrence E. Walsh and a jury in federal court the assassination was to take place in April 1950, when Crawford visited Puerto Rico.

However, Hernandez Vega testified, he and his companion reported to their Nationalist party boss they couldn't find Crawford.

Admit 'FBI Letter' As Evidence In Hearing

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) Friday won his fight to get his hotly controversial "FBI letter" into evidence in his censure hearing—but Senate investigators ruled it still secret and refused to make it public.

This decision, hailed by the McCarthy side as "eminently satisfactory," came as the six-member special committee called a Saturday session in an effort to finish the public hearings this week.

The committee bowed to a new ruling by Atty. Gen. Brownell that the 21-page document produced by McCarthy during the McCarthy-Army hearings last spring is still secret and must not be made public.

But the senators granted McCarthy's plea—made in a heated exchange Thursday—that they study the letter themselves and weigh it in considering one of the charges against him.

This charge is that the Wisconsin senator illegally accepted secret FBI data and then presented it in the form of a "spurious" letter. McCarthy insists he had a right to receive the document and that it is exactly what it purports to be—a summary of an FBI report with security information removed.

Friday's session was devoted chiefly to committee cross-examination of McCarthy on another of the five main groups of charges against him—that he abused Brig. Gen. Ralph W. Zwicker in questioning him at a closed hearing last Feb. 18.

McCarthy stuck firmly to his insistence that he did no such thing—that he sought only to "get the truth" from Zwicker when the general, according to McCarthy, "was not giving us straight forward—what I would consider honest answers."

Guy de Faria, assistant committee counsel, suggested Zwicker was only obeying presidential directives when he sidestepped questions about the Army's handling of alleged subversives.

McCarthy said no—that he would have honored a refusal to answer on that ground. He repeated an earlier charge that Zwicker, who sat listening in the hearing room, was "arrogant" and "evasive" without good reason.

Anyhow, McCarthy said, his remarks to Zwicker were not abusive—"I don't think you could call those criticisms," he said.

The senator agreed that he had told Zwicker he wasn't fit to wear that uniform. But he said that was referring to the uniform of a general, not the U.S. Army uniform.

Referring to the senator's choice of words, De Faria inquired: "In all fairness, sir, aren't you sometimes addicted to hyperbole (exaggerated language)?"

Amid laughter from some spectators, McCarthy's lawyer, Edward Bennett Williams, suggested this was an improper question, and Chairman Watkins (R-Utah) ruled the query out of order.

Secretary of Defense Wilson, after a series of Capitol Hill and Pentagon conferences, wrote Watkins that the Defense Department "will encourage" Zwicker and Gen. Kirke B. Lawton to testify—but within limitations imposed by a presidential directive last May.

Lawton told the committee Wednesday he had been advised by Defense Department counsel not to testify about his talk with Zwicker. Williams contended the (Continued On Page 11)

Meeting with Ticken were William A. Lee, president of the Chicago Federation of Labor; Ray Schoessling, president of the Teamsters' Joint Council, and Daniel D. Carmell, attorney for the CFL and council.

Meanwhile, The Chicago Tribune reported in a copyrighted story an interview with Henry C. Burger, 62, veteran AFL Teamster Union organizer, in which Burger said gangsters had spread into the labor field because of diminishing returns from gambling.

Burger, a witness before a federal grand jury investigating labor racketeering in the Chicago area, was quoted as saying hoodlums grab control of some unions and "sell out union members."

"Gangsters don't care about gaining benefits for the working man," Burger was quoted. "They loot the treasures of the local unions. Usually they take the locals rather than central bodies such as the joint councils. The local treasures are the richest and easiest picking for them."

Weapons 1,000 times the power of the original Hiroshima-Nagasaki bomb now makes possible a broad area of destruction with one bomb where previously 5 to 10 bombs were required.

"This information calls for adoption of all possible formulas of safety and some revisions in our plans."

Woodward said devastation from such a bomb would be felt in some degree as far north of Chicago as Highland Park, as far west as Wheaton, and as far south as East Chicago.

Almost complete devastation would cover a circle touching the Lake Michigan shore line, the west limit of Oak Park, 47th street and Irving Park boulevard.

Severe destruction would reach the south fringes of Evanston and Skokie, Hillside, and 87th street.

Explosions under other conditions would produce other destruction patterns and problems, Woodward said. An underwater blast in Lake Michigan would produce a heavy fall-out of radioactive mist, and cause flooding radioactive waves. An underground explosion would cause a hole 800 feet across and 100 feet deep, and reference that "Thermonuclear blast in heavy fall-out."

Press For Austrian Treaty

WASHINGTON (AP)—The United States, Britain and France Friday rejected Russia's proposal to join in a new European security setup but said a Big Four meeting might be arranged if progress is made on the German and Austrian problems.

The State Department released the text of its note to Russia to this effect and said identical messages were delivered by the British and French at Moscow also.

These were in reply to Russia's July 24 and Aug. 4 communications calling for a European security arrangement involving both Communist and free world countries. The Russian move, which also called for a new Big Four conference, was regarded here as another effort to wreck the Western North Atlantic Treaty Organization and block rearmament of West Germany.

The American reply in effect repeated the U.S. view that nothing would be gained at a Big Four foreign ministers meeting as long as the East and West disagree on the future of Austria and Germany.

Giving Austria a peace treaty and restoring her sovereignty is "the simplest step toward the promotion of European security," the American note said.

The American government remains ready, it added, to negotiate for early free elections in Germany as an "essential first step toward German reunification in freedom."

There is no use discussing these problems, already weighed at length during the Berlin conference last winter, unless "there is a better prospect of finding solutions than was revealed" at Berlin or in subsequent communications, the note said.

On the question of disarmament, the American note repeated—with another invitation to Russia to go along—is proposal that all nuclear weapons be outlawed under a system of safeguards and inspections to enforce such a ban.

The American note concluded, after calling for progress toward settlement of the German and Austrian questions:

"If progress could be made in this way, the United States government would then be prepared to agree to the convocation of a meeting of the foreign ministers of the United Kingdom, France, U.S.A. and U.S.S.R. to complete the action on these problems and then to consider the remaining aspects of European security."

LONDON (AP)—Communist China has named a charge d'affaires to Britain, Peiping radio announced Friday night.

Britain has had a charge d'affaires in Peiping since shortly after it recognized the Communist regime in January 1950, but until now Peiping has not reciprocated.

VITAL QUESTIONS and BIBLE ANSWER

TO WHOM SHOULD WE PRAY?

"Giving thanks always for all things unto God and the Father . . ." (Eph. 5:20).
"After this manner therefore pray ye: Our Father which art in heaven . . ." (Matt. 6:9).

CAN'T WE PRAY TO ANY ONE ELSE?

"And whatsoever ye do in word or deed, do all . . . giving thanks to God and the Father . . ." (Col. 3:17). "Thou shalt have no other gods before me." (Ex. 20:3). "And it came to pass, as he spake these things, a certain woman of the company lifted up her voice, and said unto him (Jesus). Blessed is the womb that bare thee, and the paps which thou hast sucked. But he said, Yea, rather blessed are they that hear the word of God, and keep it." (Luke 11:27, 28).

Bender Guilty Of Tavern Holdup At Carlinville

William (Wild Bill) Bender of Springfield was found guilty of a charge of armed robbery by a jury in Macoupin county circuit court at Carlinville Thursday. The jury deliberated in the case a half hour.

Bender was found guilty of holding up Marie & Bert's tavern in Carlinville. Sentence was not passed at the session Thursday.

Bender was the object of widespread search on two occasions. After the Carlinville holdup last spring he was hunted for several days, during which time he was believed to have stolen a truck at Palmyra, which later was found wrecked near New Berlin. When the wanted man was picked up at Peoria he was suffering from a severe injury of one ear, said to have been sustained in the truck wreck.

While a prisoner at Carlinville Bender twice made attempts as though to end his life. On the second occasion he feigned a suicide attempt and succeeded in escaping jail.

Regarded as heavily armed and dangerous, Bender surrendered meekly to Indiana state police who flushed him out of a box car.

Interpreting The News

By J. M. ROBERTS JR.

Associated Press News Analyst

Representatives of Nationalist China in the United States believe the Chinese Communists intend to invade Quemoy Island shortly.

They point out that the Red propaganda campaign against Formosa has reached a peak never before attained. It is not only being conducted by Peiping radio, which often directs itself more to foreign than local consumption. This time the campaign is being carried on in newspapers all over China.

This leads Chinese observers here to the conclusion that Peiping will not be able to back down without action at this time, although its forces were repulsed at Quemoy in 1949. This time it seems the Reds, with the strength they built up in connection with the Korean War, will succeed unless United States air power is thrown into the breach.

Whether that will be done either has not been decided or has been kept a secret. The decision may still await the National Security Council's meeting Sunday with the President and Secretary Dulles, who is returning from Manila, Formosa and Japan.

One suggestion has been that Quemoy and Formosa could be protected, at least to a certain extent, by turning over American planes to Nationalist pilots, as Russia turned planes over to the Chinese Reds in the Korean War.

The opening invocation at the Toastmasters club Wednesday night was given by Alvin Otto. The president, Robert Werner, conducted an election of officers to serve during the coming six months.

The new officers are: president, Paul Barnes; vice president, George Delaney; secretary, Sevrin Bruyn and sergeant - at - arms, Herold Swisher.

The newly elected officers will be installed and assume duties at the Oct. 5 meeting. Several resolutions were passed, among them being one calling for an organization meeting of the old and new officers and other interested members. The meeting will be held immediately following the regular Toastmasters meeting on Sept. 15th.

TO THOSE WHO BUILD

This sturdy structure was built, not to prevent storms, but to withstand them. Every known device was used to make this building safe from the winds and rains that beat upon it.

So we should build for our children! Nothing parents can do will prevent a child from facing the realities and storms of life. All too soon he will face evil influences; all too soon he must make his own decisions.

But parents can help. As this ancient castle was constructed to withstand storms, so the spiritual life of the child should be fashioned to withstand the temptations and passions that will beset him. His character should be fortified with faith so as to meet the problems of life courageously, successfully and happily.

Every child should be taught to love God and his fellowman. He should learn to know the great personalities of the Bible who drew their strength from God. He should experience the strength that comes from prayer and be ever receptive to God's gift of grace.

It is the duty of adults to bring their children, and if need be their neighbor's children, to church school and worship services. For nothing is so important in a child's education as a true knowledge of the way of life as taught from the pages of the Bible.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

XXXXV
TANCRED walked perhaps 30 yards, then crossed the street. He passed McCoy's Saloon, the hotel and the Texas Saloon. Finally he came to Fugger's store. Without slowing or breaking his stride, Wes Tancred turned in and opened the door.

There were two or three customers in the store, but Fugger was nowhere in sight. Tancred walked through the store and a sudden hush fell in the big room. He climbed the stairs to the balcony and pushed open the door of Fugger's private office.

Fugger gave a violent start as he recognized Tancred. "You!" "You're under arrest, Fugger," Tancred said evenly.

Sheer horror spread over Fugger's face. "What are you talking about?"

"I'm arresting you for the murder of Luke Miller," Tancred said. "You're coming to jail with me."

"You're crazy!" Fugger cried hoarsely.

"I'd rather kill you," Tancred went on, "but Luke Miller wanted things done according to the law, so come with me."

Fugger pushed back his chair and got to his feet. "You'd put me in jail?"

Tancred stood aside and gestured to the door. Fugger walked for a moment, then reeled toward the door. He went down the stairs, almost stumbling a couple of times.

Downstairs the customers and his clerks watched in awe as Jacob Fugger, followed closely by Wes Tancred, walked through the store to the door.

On the street, people came out of stores, watched as Fugger shuffled along. As they neared McCoy's Saloon, Fugger's steps

faltered. Tancred reached out and gave him a shove. Fugger almost fell on his face. He cried out, recovered and almost ran ahead of Tancred.

Hong Kong Smith, half-sober, stared at Tancred as he passed. Then he turned to a cowboy, "Get Dave Helm and Manny Harpending." He saw McCoy's face over the balcony doors. "Get Eric Stratemeyer."

FUGGER marched into the marshal's office and stopped. Tancred indicated the door leading to the cell in the rear.

"Not in there," sobbed Fugger. Tancred opened the door and shoved Fugger in violently. Then he turned the key in the door.

As he came out of the marshal's office, Lee Kinnaird came up. "So you've done it!"

Tancred nodded. "I'll be back in a little while... to face them."

He walked down the street, cutting diagonally across, so that he reached the far sidewalk in front of McCoy's Saloon. Hong Kong Smith stood outside the door. His face was coldly savage.

"You've got an hour to get out of town," said Tancred.

"You've got about a half hour to live!" retorted Hong Kong Smith. Tancred went on to the Texas Saloon. He entered.

Lily Leeds was behind the bar, but when she saw Tancred her face paled and she walked to her office. Tancred followed her into the little room and closed the door.

"She found you!" Lily said. "Laura? Yes."

"You love her, Wes! Then why didn't you go away with her? Why did you come back?"

"What else could I do, Lily? I couldn't run—any more. A man's got to make a stand somewhere."

"You can't fight them all."

There are too many. They'll shoot you down."

"I've got Fugger and he gives the orders. He'll be the first to die... and I think he's afraid to die." He looked at her sharply. "I just wanted to ask you one question... what's happened to Lee Kinnaird?"

"What do you mean, Wes?" "He's... different."

"Oh, he had a rather hard time of it while you were gone. He arrested Hong Kong Smith."

"I know about that. That wouldn't change him."

"Well, maybe he thinks the situation is hopeless..." Then as Tancred started to turn away, "Wait...!"

He stopped and looked at her. She said, "He's in love with Laura Vesser. He... he hates you."

He let out a heavy sigh and opened the door. Lily cried out, "Wes...!"

He went out.

WHEN he came out of the saloon, Tancred saw a knot of Texas men gathered around Hong Kong Smith. It was a quiet group, however. They watched him as he crossed the street, but no one spoke, no one made a move.

He went on to the courthouse. Kinnaird stepped out as he came up. Behind Tancred, down the street, horses came galloping.

Kinnaird said, "Fugger offered me \$10,000 to turn him loose."

"He made me an offer once," Tancred said. "He said every man had a price."

Kinnaird, looking past Tancred, nodded. "They're coming." Tancred stepped aside, made a half turn, so that he was facing Kinnaird and could look down the street. The horsemen had come to a halt in front of McCoy's Saloon and were dismounting. Hong Kong Smith and his other group had merged with them. The augmented force began to move on foot, diagonally across the street, toward the jail.

Rawls Grabs First Round In St. Louis Women's Open

ST. LOUIS (P)—Betsy Rawls of Spartanburg, S. C. shattered par Friday with a blazing 67, nine under regulation figures to grab the first round lead in the St. Louis Women's Open Golf Tournament.

The 26-year-old golfer put together eight birdies, an eagle, eight pars and only one bogey to turn in the best round of her career.

Miss Rawls held a five-stroke lead in the \$3,500 tournament over Betty Hicks of Durham, N. C. who carded a 34-38-72 on the 6,195-yard Glen Echo Country Club course.

Miss Rawls' score was the best competitive round for a woman at Glen Echo. A 71 was the previous low.

Thirteen professionals and 17 amateurs are entered in the 54-hole tournament which continues with 18-hole rounds Saturday and Sunday. First prize is worth \$750.

Louise Surges, pre-tourney favorite of Atlanta, Ga., missed too many putts and was forced to settle for a 74 and a tie for fifth with Beverly Hanson of Indio, Calif.

Clive amateurs, including Mary Webb, Centralia, Ill., led the amateurs with 84s.

Finigan's Single Gives A's 6-5 Edge On Tigers

DETROIT (P)—Rookie Jim Finigan, one of the few bright spots in Philadelphia's bleak baseball picture, hit a two-out two-run single in the ninth inning Friday to give the A's a 6-5 victory over the Detroit Tigers.

The season's smallest crowd in Briggs Stadium—1,389—saw the A's fill the bases with one out in the ninth against Bob Miller, Detroit's young stopper, on two walks and an error.

The 19-year-old lefthander struck out Gus Zernial for the second out, but Finigan followed with his game-winning hit.

The Tigers scored once in their half of the ninth and had runners on first and second with two out. Reliever Sonny Dixon then forced Al Kaline to hit into a force play. Philadelphia 101-200 002-6 9 1 Detroit 000 100 301-5 14 1

MARCIANO RESTS

GROSSINGER, N.Y. (P)—Heavyweight champion Rocky Marciano took things easy Friday.

Marciano, who will complete his boxing preparations Sunday, had just about reached peak form for his second title defense against Ezzard Charles Wednesday night at Yankee Stadium.

SPORTS TRAIL

By WHITNEY MARTIN
GROSSINGER, N.Y. (P)—Impressions left by a quickie visit to the training camps of Rocky Marciano and Ezzard Charles.

The grim atmosphere surrounding the camp of the challenger, just a dozen miles from here. You sense it in the overly-optimistic speech of Jake Mintz and the genial Tom Tannia, the co-managers, and in the quiet air of determination of Charles himself. He gives the impression of a dedicated man, a man who has been trying hard to convince himself that his defeat by the champion last June never should have happened.

In his small dressing room Charles, after posing patiently for a picture showing himself gazing into a glass bowl in which a photo of Marciano on the floor had been inserted, he talked with quiet conviction.

Yes, he thought he could knock out the champion. He expected to weigh two or three more pounds for the fight at Yankee Stadium next Wednesday than he did for the June fight, and he was close to the planned poundage.

"Charles is a very proud man," Jim Norris, International Boxing Club president, was saying as he gazed toward the ring. "He is determined to be the first man to win back the title. Why else would he be fighting."

"He netted probably \$30,000 or \$35,000 for his last fight, after deducting taxes, expenses and his managers' share from his \$135,000 purse. He will be in a higher tax bracket on this fight. So it must be pride and a conviction he can beat Marciano which prompted him to take a return match."

The old galvanized iron airplane hangar high on a hilltop at Marciano's camp was jammed as the champion arrived for his daily sparring session. A singer was crooning, but loud over a loud speaker, accompanied by the banging of a piano. The crowd was cheerful and noisy, and there was a carnival atmosphere about the place.

Rocky went about his shadow boxing with a sureness and confidence which might be expected of an undefeated champion, and when he finally donned the big gloves, encoased his head in a grotesque mask, and went into action against his sparring mates, it was action.

The session was in marked contrast to the businesslike and coldly efficient workout at Charles' camp. Charles is cool, calculating, thoughtful, with a purpose behind every move. Rocky is carefree and aggressive and impulsive.

But you somehow got the idea that this fight next Wednesday might be a lot better fight than a lot of folks think it will be. There is something quite convincing in Charles' determination. Marciano? You never have a worry about him making a fight of it.

Illinois Will Hold Game-Type Scrimmage Today

CHAMPAIGN, Ill. (P)—Illinois skipped contact work Friday in anticipation of a second game-type scrimmage Saturday when offense and defense may be combined for the first time.

Several regulars will miss the Saturday drill because of minor injuries. These include ends Steve Nosek and Herb Badal and guard Don Tate. Also on the injured list will be Bob Gongola, quarterback, Percy Oliver, tackle, and Jim Minor, center, of the second string. Oliver is the latest addition to the ailment list with a jammed neck.

Notre Dame Holds Dummy Scrimmage

SOUTH BEND, Ind. (P)—Dummy scrimmage work and punting and kickoff preparation drills occupied much of both practice sessions at Notre Dame Friday.

Coach Terry Brennan announced cancellation of the Saturday morning drill to allow the squad some rest before a full-scale scrimmage in the afternoon.

In the punting drill were Joe Heap, senior left half, John Gaffney and Don Schaefer, both junior fullbacks, and Paul Horning, sophomore quarterback. Jack Lee and Ed Cook, both senior right guards, practiced kickoffs.

Yankees Whip Chicago White Sox 6-3, Remain 5 1/2 Games Behind Tribe

CHICAGO (P)—The New York Yankees, clinging desperately to their slim hopes for the American League pennant, defeated the Chicago White Sox 6-3 Friday night to remain 5 1/2 games behind the league leading Cleveland Indians.

The game started out as a brilliant pitching battle between veteran Virgil Trucks and rookie Bob Grim. Neither was around at the finish.

Trucks, in his fourth bid for his 19th victory, weakened in the middle innings and was taken out when the Yankees put together three hits, two walks and a hit batsman for three runs.

Grim, in trouble in every inning after the second, chalked up his 18th victory—five at the expense of the White Sox. He was taken out in the eighth when the Sox picked up their third run on three singles: Jim Konstanty, National League catcher, came in and retired Nelson Fox on an easy bouncer to end the threat.

Both teams got their first hits in the fourth inning but the Yanks made theirs pay off. Trucks walked Mickey Mantle to open the fourth, fanned Joe Collins and came up with another pass to Enos Slaughter. Yoda Berra drove a single to left center to break the scoreless tie.

Grim was in hot water, in the

Marciano-Charles Tickets Stolen

NEW YORK (P)—Al Weil, manager of heavyweight champion Rocky Marciano, reported to police Friday that between \$20,000 and \$30,000 worth of tickets for the Marciano-Ezzard Charles title fight had been stolen from his office during the night.

Detective William Murry said Yankee Stadium and International Boxing Club officials had been notified of just what tickets were stolen. He said police would be posted at the stadium gates to halt persons presenting the tickets.

Marciano defends his title against Charles at the Stadium Wednesday night.

Tribune Says Richards To Sign With Orioles

CHICAGO (P)—The Chicago Tribune said Friday night that the league manager Paul Richards has committed himself to accept a three-year contract with the Baltimore Orioles as field manager and general manager.

The offer from Baltimore calls for approximately \$45,000 a year, the Tribune said, but added that Richards has not gone through the formality of signing the contract.

Earlier Friday, Richards rejected a two-year contract from the White Sox.

He said he will not announce his future plans until the end of the season.

The Tribune said, "It is believed he is motivated by a desire to spare Jimmie Dykes, Baltimore's manager, from embarrassment while the season is in progress, and also to complete the season with the White Sox before making the announcement."

Either Arthur E. Ehlers, present general manager, or Herbert E. Armstrong, business manager, will be retained by Richards as his top aid. The decision will be up to Paul," the Tribune added.

Richards and Chuck Comiskey, apart.

Dodgers Edge Braves 2-1

By JOE REICHLER
BROOKLYN (P)—Milwaukee's 10-game winning streak apparently came to an end in the mud and rain at Ebbets Field Friday night when the Brooklyn Dodgers led 2-1 in the last of the fifth inning and no further play was possible. However, umpire Larry Goetz said: "I don't know if it is an official game. I'll have to talk to the boss."

PITTSBURGH (P)—Stan Musial of the St. Louis Cardinals has just about given up on his bid for a seventh National League batting title this season.

Conceding the 1954 batting championship to Duke Snider of the Brooklyn Dodgers or Willie Mays of the New York Giants, Musial said "It looks like just too much of a spread for me to make up."

Before Friday's games, the figures read: Snider 350, Mays 341, Musial 335.

The Cards have 16 games to play.

Redskins Sign Vic Janowicz

CHAPL HILL, N. C. (P)—The Washington Redskins announced Friday the Pittsburgh Pirates had freed Vic Janowicz from his baseball contract for the season and the Redskins have signed up the former Ohio State halfback.

Janowicz, Pirate third baseman and catcher, was the Redskins' seventh draft choice in 1952.

VOIGTS CHANGES LINEUP

EVANSTON, Ill. (P)—Northwestern moved its position changes Friday in preparation for a full-scale scrimmage Saturday afternoon.

Coach Bob Voigts announced two lineup changes. Tackle John Smith of Cleveland Heights, Ohio, was promoted to first string right tackle and sophomore George Gondek of Michigan City, Ind., moved up to the second string right halfback spot.

Veteran guard Frank Hren reported for duty after being sidelined with an ankle injury all week.

WON'T TRY AGAIN

TORONTO (P)—Florence Chadwick won't try to beat Lake Ontario again, trainer Vic Christie said Friday.

Christie denied rumors that the 34-year-old San Diego, Calif., swimmer marathoner would make another attempt to swim the lake.

"She's set 10 world swimming records in four years," he said, "and is due for a holiday."

Garcia's 17th Victory Safeguards Indians' Lead; Beat Bosox 4-2

CLEVELAND (P)—Mike Garcia kept alive his chance to be a 20-game winner and safeguarded the Cleveland Indians' American League lead Friday night by beating the Boston Red Sox 4-2. The victory was Garcia's 17th against eight losses and his fourth straight over Boston.

The Indians scored three runs in the third and added another on Jim Hegan's homer in the fourth off starter and loser Leo Kiely, who went out in the fifth for a pinch hitter.

Hegan beat out an infield hit to start the third-inning rally. He advanced on Garcia's sacrifice and Al Smith's single and scored on Bob Avila's sacrifice fly. Larry Doby, singled Smith across and came home himself on Vic Wertz's double.

Held to a lone single for three innings, the Red Sox made three consecutive hits off Garcia in the fourth, scoring one run. The second Red Sox run came in the sixth.

In scattering eight hits for the Tribe's 10th victory, Garcia gave none to Ted Williams, whose bat-ting crown aspirations were hurt by two strikeouts, two ground outs and a walk.

CHAPL HILL, N. C. (P)—The Washington Redskins announced Friday the Pittsburgh Pirates had freed Vic Janowicz from his baseball contract for the season and the Redskins have signed up the former Ohio State halfback.

Janowicz, Pirate third baseman and catcher, was the Redskins' seventh draft choice in 1952.

Foreign Gals Get First Taste Of U.S. Golf

By JOE BRADIS

PITTSBURGH (P)—Two senoras from down Argentina way and a madeiroselle from Belgium got their first good taste of an American golf course Friday and they loved it.

"Bong, ping, bing" is the way curvaceous Mile, Arlette Jacquet, the Belgium champion and this year's runnerup for the French title, described the Allegheny Country Club course—scene of the Women's National Amateur Golf Tournament Sept. 13-18.

"It is wonderful," commented the 24-year-old brunette. "The weather perfect, no wind no rain. And the greens—well, like velvet. I will love playing."

This is the first trip to America for Mile Jacquet. It also is the first trip for Senoras Margarita MacKinlay de Maglione and Carmen Barea Castex de Conen, both Argentina champions. Senora de Conen has been a runnerup three times. Together they own more than 300 trophies won in amateur competition.

"This course is what you say, 'ouch,'" said Senora de Maglione. "The hills they make my legs tired."

"Ah, ah," interrupted Senora de Conen. "But the course is a good one. It is dangerous to be wild, you must be very straight."

Monday 158 amateurs tee off for the women's amateur crown. Mary Lena Paulk of Thomasville, Ga., is the defending champion.

Frick Stops Cleveland's Plan For Ticket Sales

CLEVELAND (P)—A device for coupling sales of World Series tickets with program advertising came to light Friday, and baseball's commissioner, Ford C. Frick, put a stop to it.

The Cleveland Indians plan to sell a souvenir program at the World Series games here.

George Medinger, vice president of the club, confirmed the existence of a plan for tie-in sales, and said it was originated by Bill Veeck when he headed the Indians in their championship year of 1948.

Commercial advertisers who bought a full page of advertising in the program for \$800 would get permission to buy as many as 40 sets of World Series tickets.

Frick told a reporter, by telephone from New York, that he had talked with General Manager Hank Greenberg about the idea, and that Greenberg agreed there would be no tie-in sales.

The commissioner said there was no objection to plans under which purchasers of season tickets—or those who subscribe to various combinations covering 50 or more games a season—are allowed to buy series tickets.

445 Million Bushels Of Corn Forecast For Illinois

SPRINGFIELD, Ill. (AP)—Illinois corn prospects improved during August and the crop now is forecast at 445 million bushels, the State-Federal Agriculture Department reported Friday.

This represented an increase of 45 million bushels over the prediction a month ago when drought and searing heat cut sharply into the outlook. On July 1, the crop was forecast at 400 million bushels.

Statewide production is expected to be 11 per cent smaller than the 1953 crop and 2 per cent below average. The indicated corn yield of 50 bushels an acre is 5 bushels higher than estimated a month ago although still below average.

The report said this year's output will be disappointing below mid-state. Soybeans were estimated at 89 million bushels, up 8½ million bushels over the estimate a month ago. Production promises to be 16 per cent larger than last year's crop and 10 per cent larger than average. Yield was estimated at 21 bushels an acre, slightly below average.

The report placed oats production at 144 million bushels and tame hay at nearly 4½ million tons.

New York Stock Market

NEW YORK (AP)—Stocks advanced Friday in a market marked by its moderation.

Business was below average for the year so far at 1,870,000 shares, but it was better than Thursday's 1,700,000 shares.

It was the best advance of the week as measured by The Associated Press average of 60 stocks up 60 cents at \$133.00. That gain isn't very great by any means, but it at least maintains the higher trend the market has been in for the last week and a half.

The industrial component of the average added 60 cents, the rails were up 50 cents, and utilities gained 30 cents.

The steel, railroad and copper were among the most active of the major groups, and also going up as a group were the oils, utilities, tobacco, textiles and radio-television. The motors were mixed as were the aircraft, mail order houses and the chemicals.

A lot of stocks responded to individual corporate developments. There was little or no mass buying or selling.

The American Stock Exchange was mostly higher on heavier-than-usual volume of 810,000 shares as compared with 750,000 shares traded Thursday.

FORECASTS FOR CROP PRODUCTION UP

WASHINGTON (AP)—The Agriculture Department reported Friday that crops recovered slightly from drought during September as rains came to some parched areas.

The over-all increase in the prospective volume of production was about 1 per cent.

Much of the increase was in corn, soybeans and hay in the Midwest corn belt.

However, the gains in the Midwest were partially offset by deterioration of cotton, peanuts and some other late-growing crops in the less favored areas, particularly in the South and Southwest.

On the basis of Sept. 1 conditions, this year's total crop volume would be the sixth largest of record compared with last year's second largest.

LITTLE PRICE CHANGE ON STEADY MARKET

CHICAGO (AP)—While trading was fairly active, grains didn't show much change in prices on the Board of Trade Friday.

A good deal of the volume consisted of evening-up transactions by local floor traders prior to issuance of the government crop report.

Chief feature of the market was a sell-off in rice, largely a result of profit taking after a price advance which has now extended for several weeks, and a firm tone in corn.

Wheat closed unchanged to 1/4 lower, corn 3/4 to 1 cent higher, oats unchanged to 3/4 lower, rye 1/2 lower to 3/4 higher, soybeans 1/2 lower to 1/4 higher and lard 10 cents lower to 15 cents a hundred pounds higher.

September soybeans rose to a new high for the week in early dealings in view of cloudy skies through part of the main belt. It was felt rain would delay harvesting the new crop. However, the five-day outlook was for very little moisture in Illinois, Indiana or Iowa.

September beans fell back before the finish and particularly after a report new crop beans had arrived at Decatur, Ill. Soybean meal continued its slump in the cash market, selling at \$73.00 a ton. This represents a loss of \$11.00 from last weekend.

Corn's strength was rather surprising as the trade heard more cash corn was being offered at country points in Illinois. However, it is believed the Agriculture Department is near the end of its sales of off-grade corn. Corn prices were firm in the spot market.

New York Bond Market

NEW YORK (AP)—Some U.S. government bonds eased slightly Friday while the corporate bond market fluctuated narrowly.

"Big Board" activity declined as the corporate list drifted aimlessly. Sales totaled \$2,290,000 par value compared with \$2,574,000 Thursday.

Changes in the corporate list were generally minor fractions. Industrials tended to improve while utilities tilted downward. Railroads were irregular.

In new financing, an underwriting syndicate headed by Halsey, Stuart & Co. publicly offered 60 million dollars of 3 3/4 per cent 35-year first mortgages of Illinois Central Railroad at par value. The road will redeem a similar amount of 3 7/8 per cent bonds due 1982 with the proceeds.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Butcher hogs sold strong to 50 cents higher Friday while hogs gained 25 cents or more. The advance did not wipe out all the loss recorded in earlier sessions this week.

Salable receipts totaled 4,500. Choice 190 to 270-pound butchers sold at \$19.75 to \$20.10 with a few loads and lots bringing \$20.15 to \$20.25, the top. This was 25 cents ahead of Thursday. Sows sold from \$15.75 to \$16.00.

Only 800 head of cattle arrived, consisting mostly of cows. The top was \$23.00.

A few commercial to low prime steers brought \$17.00 to \$26.50. Lambs sold steady at \$10.00 to \$21.00 for good to prime offerings. Salable receipts totaled 600.

Boy Dies Violent Death From Rabies Days After Bite

DALLAS, Tex. (AP)—A 9-year-old boy died from rabies today only hours after he was admitted to Parkland Hospital, clawing, biting and spitting.

The child was Ben Earl Ivery, the youngest of nine children of Mrs. Vessie Ivery.

The boy was first taken to Parkland July 18 after he was bitten by a stray dog, but his case was not diagnosed as rabies until Thursday, the mother said.

Parkland attendants said it took three doctors and two nurses to subdue the violently ill child so that anesthetists could put him to sleep for a blood specimen. A young woman doctor must take rabies serum because of a scratch she received while helping with the patient.

Parkland doctors said they knew of no record of a victim recovering after an advanced case of rabies.

Ben Earl was the second Dallas child to die with rabies this summer. Jody Allene Brown, 3, died a few weeks ago.

Mrs. Ivery said the boy was bitten while playing under the family home with the dog. "I called police when it happened," the mother said. "Then I took the boy to Parkland where police talked with us."

She said the police told her not to kill the dog if it reappeared at her home but to call them.

She said a neighbor killed the dog after it came back and police failed to respond to two calls from her. "He said he didn't want it biting any more children," Mrs. Ivery said.

At Parkland Thursday, Mrs. Ivery said she "had forgot all about the dog business" when Ben complained of a sore throat and had a fever.

He had given him shots at the hospital," she said. "I thought they were for dog bites, but now I understand it was penicillin."

When the boy's fever increased Wednesday, she said, she took him back to Parkland. Parkland sent him to Children's Hospital of Texas here. He was rushed back to the city-operated hospital, however, when the rabies infection was discovered Thursday.

After the violent scene in which the five adults subdued the boy, he was given a tracheotomy (hole cut in throat) so that he could breathe. Doctors said the incision might prolong his life, but that it did not increase any chance of recovery.

Police officials and hospital authorities were not readily available for comment after the boy's death.

BREAKS RECORD FOR FLAG POLE SITTING

DETROIT (AP)—Dixie Blandy, a 51-year-old professional flagpole sander, slid down from his perch above the Michigan State Fair Thursday, his ankles swollen twice their regular size, and a record.

He claimed the 237 hours and 35 minutes he stood on top the pole was a new world record, breaking his old one of 192 hours set in Milwaukee in 1952.

He was paid \$1,000 for his efforts and departed for a hospital to get treatment for his ankles.

LIMITED DAIRY MARKET GRAND RAPIDS, Mich. (AP)—Two of the nation's dairy leaders say Europe presents a very poor market for surplus U.S. dairy products.

Prof. Paul Weaver, of the Michigan State College dairy department, and H. W. Norton Jr., researcher for the Holstein-Friesian Assn., said they found a tour of France, Germany, the Netherlands, Denmark, Switzerland and England that these dairy countries have their own dairy surplus problems—and are looking for markets themselves.

Two Killers Flee Jail Considered Escape-Proof

JACKSON, Miss. (P)—Two prisoners facing the electric chair smashed out of the "escape proof" Hinds County Jail today, injuring a jailer and beating up two persons to steal a truck and a car.

Minor Sorber, condemned for the knife slaying of a fellow prisoner at the Mississippi State Penitentiary, and Gerald A. Gallego, sentenced for slaying a town marshal in Ocean Springs, escaped through a stairway leading to the jail kitchen.

They broke the lock on another door to reach freedom.

An officer said, "This Gallego had some acid in his cell." The acid was used for cleaning.

"He threw that acid in (the jailer's) face and knocked him on the head," the officer said.

Then the two condemned men broke out of their cell. Details were unavailable immediately on how they got out of the cell.

The wounded jailer, J. C. Landrum, was reported in serious condition by the ambulance driver who took him to a hospital.

As Sorber and Gallego fled through Jackson, they beat up two men and stole a truck and an automobile, police reported. Then they separated and were believed heading north.

The Mississippi Highway Patrol ordered roadblocks thrown up around Hinds County.

A trusty was shot by police at some point during the break. Details of the shooting were not immediately available.

National Homes Model Displayed In Westlawn

The Dornell, newest of National Homes Corporation's Pacemaker line of homes, will be open for public inspection from 9 a. m. to 9 p. m. starting Saturday, September 11, according to Paul Pieper, of Peiza & Pieper Construction Co., local National Homes builder.

The demonstration home, a three bedroom model, is located in Westlawn in South Jacksonville and is part of a simultaneous nation-wide showing in more than 450 cities throughout the country.

While there are several beautiful exterior designs available in the Dornell, the most popular is the elevation being shown by the Peiza & Pieper Construction company of this city. Glass walls with louvered ventilators in the living room and eye-level windows in front bedroom and bath present a striking contrast. Purchasers may vary the exterior by selecting one of many color schemes. Weatherboarding, cedar shingles or cement asbestos shingles may be ordered for any house.

Many fine-home features are incorporated in the floor plan of the Dornell. The living room is spacious and light. The large picture window which provides more than adequate daylight and ventilation leaves other walls free of windows, allowing more varied furniture arrangement.

Just inside the front door is a roomy entry closet with flush-panel door. A small room, which houses the water heater and furnace, features an attractive louvered door that matches the louvered wall furnace and adds a decorative touch to the room. The entrance to the kitchen is so placed to end ceaseless traffic across the living room.

National Homes has been given the award for Good Kitchen planning for designing the Dornell Kitchen. Since today's kitchens are considered the base of family activity and the desired room for family dining, special attention has been given to size and location of the dining area. In the Dornell, eight persons may dine at ease without rearranging the furniture. A cabinet sink with drawers, storage space and drainboard is conveniently located under the outside window, providing the housewife a light cheerful place to work.

There is a gleaming array of white enameled steel wall and base cabinets with more than adequate drawer space. All work surfaces are covered with vinyl plastic.

Merritt W.S.C.S. To Serve Chicken Supper Next Month

The September meeting of the Merritt W.S.C.S. will held recently at the church with 19 members attending and a welcome guest, Mrs. D. H. Warner of Topeka, Kans., who is visiting her daughter, Mrs. Goodell and family in Winchester.

A silver tea was given in the Church parlors on Sept. 5 honoring the 25th anniversary of the Reverend and Mrs. Goodell.

During the business session of the society meeting Mrs. Helen Metcalf was appointed as chairman of the committees to make arrangements for a baked chicken supper to be served at the church in mid-October.

Mrs. Goodell had charge of the devotionals and the program. Her subject was taken from the book of Psalms on worship in the Cities. Mrs. Rimbo gave the spiritual thought. The meeting adjourned with unison prayer.

Refreshments were served by the hostesses, Miss Georgia and Ella Hawk and Mrs. Lois Morris.

Jerseyville Begins Hauling Water Friday Morning

JERSEYVILLE—The City of Jerseyville started hauling water Friday morning, according to Ralph Egelhoff, president of the Jerseyville Water Board. For the past week or more the city during the night has been without water.

Present plans call for hauling between 30,000 and 40,000 gallons a day to the reservoir at Carpenter and Prairie streets, and it is expected that this additional amount will be sufficient to furnish water through the 24 hours. The expense of hauling the water will be charged to the consumers on a schedule to still be announced. A check of quantities used by consumers reveals that some use very little water while others require a considerable gallonage above the minimum allowed under the fixed quarterly rate. It is believed the expense will be mostly tacked on to the quantities used in excess of the customary minimum number of gallons.

A call for bids was published here Thursday for the project of extending the supply lines from the test wells three and a quarter miles from the Union Forest Springs pumping plant to the latter place.

The work is designated as Division B "Supply Main" and consists of approximately the following items: 300 lineal feet of 8 inch water main; 14,670 feet of 12 inch water main; one 8 inch gate valve; 5-12 inch gate valves; 5-air relief valves and one valve pit with float controlled shut off valve.

Instructions to bidders form of proposal, plans, specification and form of contract may be examined at the office of Crawford, Murphy & Tilley, Consulting Engineers, 755 South Grand Avenue West, Springfield, Illinois or at the office of the City Clerk in Jerseyville.

16-Year-Old Girl Swims 32 Miles Across Ice Waters

TORONTO (P)—Marilyn Bell, a golden-haired girl of 16 captured the hearts of Canadians Thursday by swimming 32 miles across icy Lake Ontario — the first time anyone accomplished it.

The charming, freckled — faced blonde spent 20 hours and 56 minutes in the water fighting cold and high waves, sometimes as high as six feet, on her way from Youngstown, N. Y. to Toronto.

More than 250,000 persons crowded the Canadian National Exhibition shoreline and screamed their delight at a local girl's victory over the cold and two noted English Channel conquerors, Florence Chadwick and Winnie Roach Leuzler.

The scene was a bedlam Thursday evening as the five-foot-one, 119-pound girl with the boyish bob and infectious grin surged to a breakwater near shore in a glare of cheers, water craft whistles and the boom of exploding fireworks.

Prizes showered on her. In real money, they amounted to more than \$10,000; in prospects, they promised \$50,000.

Miss Chadwick, probably the world's foremost woman swimmer who was paid \$2,500 by the CNE and was promised another \$7,500 if she finished, became sick of gas and oil slicks at 12:40 a. m. and Marilyn, stroking a powerful 70 to the minute in water of 62 to 66 degrees, took over the lead.

Far behind the Canadian girl at 1:30 a. m. the San Diego, Calif., brunette was taken from the water.

Mrs. Leuzler, of St. Thomas, Ont., became separated from her launch after swimming two miles. She returned to shore shortly after midnight. She started out again at 6:43 a. m. but quit because of cold water at 4:30 p. m. after covering 23 miles.

Successor To Demoted Policeman Continues Fight

NEW YORK (P)—Furor over the demotion and retirement of police official Louis Goldberg following his one-man crusade against Brooklyn bingo was injected with added fuel Thursday night when his successor continued the crack-down on the game.

Goldberg was demoted Thursday from deputy chief inspector to captain on the ground of "insubordination." He immediately filed for retirement amid a controversy that threatens to spark a political issue in the coming election campaign.

The 61-year-old Goldberg, on the force for 36 years, was broken by Police Commissioner Francis W. H. Adams, who said Goldberg had failed to keep his superiors informed on his bingo activities.

The Brooklyn morals squad head by Goldberg was created at the suggestion of a rackets probing grand jury.

Less than 12 hours after Goldberg quit the department, the squad, under direction of its new deputy chief inspector, James B. Leggett, forced cancellation of a bingo game in a Coney Island Synagogue.

Where games already were in progress in several other churches, they were allowed to continue on promises they could cancel future play.

The police department consistently has winked at bingo games conducted for charitable purposes.

REFUGES ON WAY TO MORTUARY

LONG BEACH, Calif.—"They said I was dead," Harry Apperson Jones, 67, grumbled, "but you can't prove it by me."

Jones was recovering in Veterans hospital today. Nine days ago he was pronounced dead, only to come to life again in a hearse en route to a mortuary.

Jones blacked out in the garage of his San Gabriel home—"that's all I remember really." An inhalator squad failed to revive him and a doctor said he was dead.

But when the hearse attendants saw the blanket over Jones moving, they changed their course for an emergency hospital. Oxygen pulled him through although he was in a coma for two days.

24-30 Inch Concrete Pipe Recommended By Citizens Committee

At a joint meeting of the Citizens Water Committee and the members of the City Council Friday night at the City Hall the water committee members present voted unanimously to recommend to the council the installation of a combination 30 and 24 inch prestressed concrete water line to the Illinois river.

Members of the committee and the council received the recommendations of the Engineers and the Special counsel who, after a detailed explanation of the various bids, favored the concrete raw water line.

The total estimated cost of the project including administrative, legal and engineering fees amounted to \$2,378,923.11.

According to the report of Attorney Orville Foreman the use of pre-stressed concrete pipe in the 30 and 24 inch combination would mean a saving to the city of \$967,265.31 over cast iron pipe of the same size. This figure includes interest charges over the life span of the bond issues.

Mayor Ernest L. Housland spoke briefly giving his reasons for favoring cast iron pipe as a material that could be counted on to last indefinitely, a factor that would justify additional initial cost. Project engineer Kenneth Stapleton pointed out that cast iron is without a doubt an excellent pipe material adding that prestressed concrete pipe is very comparable in its virtues.

The meeting, which was conducted by Carl Hamilton, Vice President of the Citizens Water Committee, was not an official one for the council. The city officials are expected to take some action concerning the recommendations of the special counsel, consulting engineers and the water committee on Monday.

The specific recommendations of the attorneys and engineers concerning the 24-30 inch concrete pipe are as follows:

Contract A. Price Brothers Pipe & Construction Co.

Contract B. Torson Construction Co.

Contract C. D. Ranney Methods Water Supply Co.
